Your Horoscope JEANE DIXON

FOR MONDAY, JUNE 16, 1969 Your birthday today: The year is full of change; there are difficult adjustments worth the making. The temptation which keeps plaguing you all year is the urge to bicker with the opposite sex. This can spark a good romantic interest. Today's natives are fond of dancing. ARIES (March 21-April 19): It will seem that your environment has taken on a circus-like quality today. If you can go along with this mood and avoid squabbles, the results can be productive. TAURUS (April 20-May 20): The temptation is to buy more than you need or can afford at the moment, partly because it really is a bargain. Check your regular tasks as you go along. Relax tonight with emphasis on culture, music. GEMINI (May 21-June 20): Your energy builds up and tends to flow into awkward channels. Be sure you're not taking something out on somebody who has nothing to do with your problem, especially members of the opposite sex. CANCER (June 21-July 22): Stick to your main subject of interest today. Your enthusiasm spills over and attracts some unusual listeners. Make notes as you go, for there will be many points to recall later when you start to put these ideas to work. LEO (July 23-Aug. 2): You should not expect your friends to like each other just because you like all of them. Life is sunnier and easier if you can stay out from between their squalls. VIRGO (Aug. 23-Sept. 22): Conflict between public and personal affairs creates pressure for your working conditions. Choose early which lines of action you will follow and put your strength behind your choices immediately. LIBRA (Sept. 23-Oct. 22): Stay near home base and attend to your public relations, business, regular work. Put something in your savings account today if possible. Conflict with relatives can be avoided by being too busy to argue. SCORPIO (Oct. 23-Nov. 21): Making and spending money go on at accelerated rates. Watch that your outgo is within your control — no blank checks floating around. SAGITTARIUS (Nov. 22-Dec. 21): Wasteful haste is an insidious trap today. Pace yourself to a steady, moderate beat and get a lot more done; let what you accomplish be really effective. CAPRICORN (Dec. 22-Jan. 19): Your skin may get a bit thin today. Hold on despite a jibe or a joke. You will have your own chance to surpass the whole matter very soon. AQUARIUS (Jan. 20-Feb. 18): Your temptation now is to disagree with everything and everybody. It is easier and more productive to focus on those things that can be done unassisted. Research is favored. PISCES (Feb. 19-March 20): Select carefully the people you work with or entertain today. The right choices can produce profitable action. The end of the day is brighter than the early hours.

Robert Taylor, III at Ease But Always a Professional

By BOB THOMAS HOLLYWOOD (AP) — Some romantic figures of Hollywood's Golden Era wore their stardom like a talisman. Robert Taylor was never comfortable with his Tyronne Power played the dashing figure both on and off the screen. Errol Flynn's rakish personality was indistinguishable from his film roles. Even Clark Gable, although he snorted at being termed the King, maintained an almost regal bearing in public. Bob Taylor was different. Perhaps the most handsome of all leading men in the 1930s and 1940s, he seemed ill at ease in his role as movie star. He never acquired that veneer of sophistication of other small-town boys who achieved stardom. Cigarette Smoker Taylor is being buried today at Forest Lawn Memorial Park.
